# Xavina Negron

Orlando, FL • (321) 945-7037 • xavinanegron@gmail.com • LinkedIn • GitHub

## Summary

Front-end developer eager to apply my knowledge and contribute meaningfully within a collaborative team environment. I bring a passion for JavaScript development and website creation with a strong foundation in creative problem-solving, collaboration, and time management. Currently seeking full-time roles and open to internships to further develop my skills and grow within your company.

## Projects

**The Met Mixer App**
Visit link: https://github.com/xavinanegron/themetmixer.git

- Collaborated on building an app that generates random artwork from The Met Museum of Art, along with the artwork description.
- Built with **HTML5**, **CSS3**, **Bootstrap5** and vanilla **JavaScript** using **Fetch API** to update the webpage's content dynamically.

**Chore Quest App**
Visit link: https://github.com/xavinanegron/chorequest.git

- React app aiming to gamify household responsibilities. Users can effortlessly complete chores, track their points, unlock rewards, and create custom chores and rewards with an engaging and interactive user experience.
- Built with **Bootstrap 5** and **React.js**, **React Context API**, **React Router**.

**To Do List App**
Visit link: https://github.com/xavinanegron/ToDoList.git

- Built a to-do list web application using **React.js**. Designed to help users organize their tasks efficiently.
- Users can easily add, edit, and remove tasks as needed.
